

AV video Maker

Posted by jc - 29 Mar 2011 19:58

a friend of mine have this software, it is really good program, the only thing that we couldn't figure it out is: How to remove the vocal ? the tutorial or help doesn't mention it, can somebody explain?

=====

Hi Jc,

Default AV Video Karaoke Maker software doesn't remove the vocal of the root song.

You can download the songs without vocal and use it.

Thanks 🙏
