

How to update AV VCS DIAMOND??

Posted by avsp54928 - 12 Jul 2011 03:47

Hi! I just got this program and im trying to find out how to update my current version. Its currently 7.0 and I want to get the new build. none of the tutorials seems to be working and this site is not user friendly at all. Starting to think its a waste of money. oh well. Any help would be much appreciated. thank you

Hello,

Regarding the version update, please click [here](#) to reach the the Voice Changer Software FAQ page. Then, locate to the question ***"Where to find latest version of your purchase product for updating ?"***
