

NEED HELP!

Posted by Filardhi Muhyi - 19 Sep 2011 16:06

I need help, I have activated VADMode on the software but for some reasons, when i go to 'option' and go to audio setting on skype,,my skype does not have the list for it. Please help me figure out this problem,,

hi Filardhi Muhyi,

Please tell me:

what's Edition? Basic, Gold or Diamond? And build number?

what's kind of Operating system you use? XP, Vista, or windows 7?

For using the VCSD with Skype, please follow the instruction below to make necessary change:

support.audio4fun.com/tutorials/av-voice...ger-software-diamond

Thanks.
