

Is it possible to get this to work on my phone?

Posted by Jesse Frantz - 28 Sep 2011 09:04

I've been using AV diamond voice changer version 7.0 on my desktop for a while, great product I love it, but I want to know if there was a way to make it work on my phone, I've been expecting and wanting to call a few people with the morphed voice. Thanks.

Currently, VCS does not have landline telephone and mobile phone versions.
