

## How to change wav file already recorded???

Posted by Alan Ferguson - 11 Nov 2011 01:54

---

Can anyone tell me how to change a voice file already recorded in Wav format and then save the output? have not been able to figure out how to load and save.

thxs!

You can click on the link below to learn how to record a playing with VCS

[mp3-player.audio4fun.com/tutorials/voice-changer-tutorial04.htm](http://mp3-player.audio4fun.com/tutorials/voice-changer-tutorial04.htm)

Remember to uncheck the option Record non-morphed streams at VCS
