

Changing Singing voice to that of a famous singer

Posted by Patrick Conway - 27 Sep 2013 01:26

Brand new to this software, I really only want to use it to alter my singing voice to that of a any given known singer (male or female) I dont expect it to create a masterpiece only alter what ever I sing/record to another voice (not comic)....If I record a song melody and lyrics only (no Backing music) can I then alter my singing voice into something SIMILAR to say Sinatra, Jerry Lee Lewis or Elvis???Regards
Patrick
