

## Male to Female

Posted by Bruce Farren - 05 Jun 2014 13:52

---

I am a middle aged man trying to get a realistic middle aged female voice I am slightly tone deaf and just cant seem to get a voice that sounds realistic. I have attached a recording of my voice if anyone can help please.

Hi Bruce,

We tried some settings to get the most realistic female voice from your original voice.

Please find our attachment for the result and presets.

Hope this could help.
