

## ordered Dec 2 2016 cannot access download of program

Posted by Jon Clemmer - 29 Jan 2017 03:38

---

I bought the Diamond version of voice changer but cannot find program in my downloads section... I can find the manuals, videos, and nick voices... but no main program please help. I hope my understanding that I need to pay an annual membership fee to download the program that I bought is wrong.
